

Muhammad Abubakar

Software Engineer
03334150299 | m.abubakar2496@gmail.com | Pakistan | LinkedIn

SUMMARY

Software Engineering graduate from PUCIT with hands-on experience in full-stack web development using React.js, Node.js, Express.js, and MongoDB. Skilled in developing and integrating web applications, with a strong understanding of software development and testing practices. Experienced in Software Quality Assurance (QA), including manual testing, test case design, bug reporting, and software validation. Familiar with SDLC and STLC, with additional experience supporting project coordination, task management, and team collaboration. Eager to contribute as a Software Engineer by building reliable, scalable, and high-quality software solutions.

EDUCATION

Bachelor of Science in Software Engineering
PUCIT, University of the Punjab | 2021 – 2025

Intermediate F.Sc. Pre-Engineering
Kips College | 2019 – 2021

PROJECTS

- **Neighborhood Sharing System (FYP)**

Developed a full-stack neighborhood sharing platform using the **MERN stack**. Built RESTful APIs with **Node.js and Express.js**, designed MongoDB database schemas, and implemented **JWT-based authentication and authorization**. Developed item listing and management features and integrated the React.js frontend with the backend.

- **Student Management System**

Developed a React-based Student Management System with **full CRUD functionality**, reusable components, form handling, and an organized user interface for managing student records.

- **Blood Donor Management System**

Developed a console-based application to manage donor records, including **donor registration, record search, updating, and data management** using structured programming concepts.

- **Personal Finance Manager**

Developed a full-stack web application to track **income, expenses, budgets, and savings**, featuring secure dashboard and financial analytics.

- **Smart ATS Job Portal**

A full-stack Applicant Tracking System (ATS) built with the MERN Stack for resume analysis, job applications, and recruiter management.

WORK EXPERIENCE

Project Coordinator | July 2025 - March 2026
DATATECH PAK PRIVATE LIMITED | Lahore, Pakistan
Document: datatech.pdf

Software Developer Intern | January 2025 – March 2025
SYSTEMS LIMITED | Lahore, Pakistan
Document: Systems.pdf

Java Software Engineer | July 2024 – August 2024
HiSkyTech | Lahore, Pakistan
Document: HiSkyTech.jpeg

Trainee Software Engineer | Sept 2023 – December 2023
INVOZONE | Lahore, Pakistan
Document: InvoZone.jpeg

SKILLS

- **Project Management:** Agile/Scrum, Requirements Engineering, Project Lifecycle Management, Team Coordination, Systematic Progress Tracking.
- **Technical Skills:** MongoDB, Express.js, React.js, Node.js (MERN), Python, C++, SQL, Git/GitHub.
- **Quality Assurance:** Agile/Scrum, Test Case Design, Test Planning, Regression Testing, Requirements Analysis, Test Documentation
- **Software Tools:** Microsoft Office Suite (Excel, PowerPoint), VS Code, MS Project.

CERTIFICATIONS & EXTRACURRICULAR ACTIVITIES

Agile Project Management Issued by **Hp Life**, 2026
